

DAVID MOLLE MESH VEST

DAVID MOLLE MESH VEST

The DAVID Tactical MOLLE Mesh Vest is a lightweight, modular, and mission-ready system designed to meet the operational requirements of military, paramilitary, and security forces. Its ergonomic contour design ensures a natural, body-fitted shape, providing unrestricted movement without compromising coverage, comfort, or load stability. Featuring a full-scale MOLLE webbing platform, the DAVID Vest offers maximum modularity and adaptability, enabling operators to easily attach, configure, and customize tactical pouches, accessories, and mission-specific gear. Unlike ballistic vests, this Tactical MOLLE Mesh Vest is non-armored, focusing on mobility, organization, and accessibility. Suitable for security personnel, range instructors, and tactical training units.

FEATURES:

- **Fully Modular Design** - Full MOLLE webbing on front and back for attaching tactical pouches and mission-specific gear.
- **Front Zipper System** - Central heavy-duty zipper and dual front zippers for quick access to map and utility pockets.
- **3D Mesh Inner Lining** - Enhances ventilation, reduces heat buildup, and wicks moisture for long-duration comfort.
- **Concealed Hydration Pocket** - Hidden internal compartment allows secure placement of a hydration bladder.
- **Reinforced Drag Handle** - Integrated handle on the back for safe and efficient casualty extraction.
- **Adjustment Buckles & Side Straps** - Allow quick tightening and compression for a secure, body-fitted configuration.
- **Lightweight & Durable** - High-density mesh construction ensures strength, breathability, and unrestricted movement. One size fits most

SPECS:

- **2D Mesh** - Lightweight, breathable ventilation mesh.
- **3D Anti-Sweat Mesh** - Moisture-wicking, breathable, and friction-reducing.
- **Edge Binding & Seam Sealing** - Reinforced anti-fray finish.
- **Heavy-Duty Zippers** - Rugged, field-grade access.
- **Heavy-Duty Nylon Webbing** - PALS/MOLLE compatible for modular expansion.
- **Loop ID Panels** - Front & back Velcro surfaces for ID or patch attachment.
- **Elastic Nylon Webbing** - Flexible retention and compression.
- **Hook & Loop Fasteners** - Secure, field-tested closures.
- **Shock-Resistant Buckles & Hardware** - MIL-SPEC durable components.
