NVG MODULAR STRAP

NVG MODULAR STRAP

The NVG MODULAR STRAP is a durable, adjustable Double strap designed to securely mount night vision goggles (NVG) or daylight optics to the front MOLLE webbing of tactical vests. It enables stable carry close to the operator's chest and allows quick swapping between devices, ensuring reliable performance in low-light and dynamic operational conditions.

FEATURES:

- **Quick-Release G-Hook Buckles -** Enables fast and secure attachment or removal from MOLLE webbing.
- **Dual Elastic Stretch Straps -** Adjustable straps on both sides provide firm retention and prevent device movement.
- **Stable, Chest-Mounted Carry -** Keeps NVG or daylight optics securely positioned for reliable, rapid access.

SPECS:

- **Heavy-Duty Nylon Webbing -** PALS/MOLLE-compatible for modular attachments and load-bearing setups.
- **Elastic Nylon Webbing -** Provides flexible retention and adjustable tension.
- **Hook & Loop Fasteners -** High-strength, field-tested closures ensuring a secure, adjustable fit.
- **Shock-Resistant G-Hook Buckles & Hardware -** MIL-SPEC durable components for secure, quick-release fastening.
