

PASHA MULTI POCKET MESH

PASHA MULTI POCKET MESH VEST

PASHA MULTI POCKET MESH VEST - Lightweight Tactical Utility Vest
 The PASHA Multi Pocket Mesh Vest is a lightweight, breathable utility vest designed for operational, tactical, and outdoor use. It includes integrated pockets for carrying a rifle magazine, handgun magazine, radio, or mobile phone, ensuring maximum functionality in a minimal profile. Constructed from high-density polyester mesh fabric, it provides excellent ventilation and comfort during prolonged activity in hot environments. Unlike ballistic vests, the PASHA is non-armored, focusing on mobility, organization, and accessibility. Suitable for security personnel, range instructors, and tactical training units.
