MASADA ARMOUR IIIA TACTICAL BALLISTIC HELMET HIGH CUT

The Future Assault Shell Technology Helmet, also known as the FAST helmet, is a combat helmet that is used by special forces willing to use an alternate headgear while using some ballistic protection for comfortable headwear to use. The Fast is a special operator helmet, manufactured using advanced UHMW-PE composites. This lightweight robust helmet provides protection against ballistic and fragmentation projectiles. The helmet is equipped with a 4-point adjustable Harness. The helmet is fitted with a universal night vision goggle mount and Picatinny rails that provide a solid platform for flashlights, optics, and other gear.
