

PATROL 25 RIFLE SLING

PATROL 25 RIFLE SLING

Combat-proven tactical sling designed for special operations forces. Features a single-hand quick-adjust system for rapid tightening or loosening on the move. Built with MIL-SPEC materials, metal hardware, padded comfort zone, and dual locking attachment clips for secure weapon retention in dynamic environments. Versatile weapon sling kit with the option for 2-point or single-point configuration. Includes an additional strap for direct vest mounting, allowing hands-free operation and transferring weapon weight to the vest for improved comfort during extended missions. The quick-adjust system can be mounted directly to the vest via MOLLE attachment, enabling length control while the adjustment mechanism is fixed directly to the vest for maximum ergonomics and speed in combat scenarios.

FEATURES:

- **Dual-Mode Functionality** – Operates as a standard tactical rifle sling or as a quick-connect weapon-to-vest attachment system.
- **Complete Kit Included** – Each set comes with: Tactical rifle sling, Detachable quick-adjust mechanism, Modular vest connection strap (MOLLE compatible)
- **Rapid Vest Connection** – Quick-detach system for instant weapon connection to modular (MOLLE) vests.
- **Weight Transfer Capability** – Transfers weapon weight from the shoulders to the vest, reducing fatigue during extended operations.
- **Hands-Free Operation** – Keeps the weapon secured to the vest, freeing the operator's hands for casualty care, equipment handling, or other mission-critical tasks.
- **Single-Hand Quick-Adjust System** – Allows rapid tightening or loosening of the sling without removing the weapon from the body, even with gloves on.
- **Multiple Carry Configurations** – Supports both 2-point and single-point carry setups for mission flexibility.
- **Hidden Flat Pocket for Earplugs** – Discreet storage compartment for carrying hearing protection, always accessible when needed.
- **Secure Weapon Retention** – Dual locking metal attachment clips ensure the rifle stays firmly in place during movement and engagement.
- **Comfort Padding** – Integrated padded comfort zone for long-duration wear without shoulder strain.
